OPERATIONS MANAGER

Job Overview:

Reporting to the General Manager the Operations Manager is responsible for all aspects of facility building operation and maintenance including ice production operations, ice maintenance, flooding, refrigeration plant operation, safety and security of facility, upgrades and repairs, janitorial, management and scheduling of facility staff, and providing user groups a positive experience at the Lake Bonavista Community Association. Scheduling, supervising and training of staff is essential as well as ordering supplies and equipment, and following budgets and costs are also the responsibility of the Operations Manager.

Our ideal candidate is a skilled manager/leader who is highly adaptable and capable of performing all maintenance-related tasks in a multifaceted facility with diverse patron/user group needs. This is a hands on management role – actively involved in day to day operations as well as a key member of the facility management team.

This position may require day, evening or weekend shifts depending on need and availability. A valid driver's license, Criminal and vulnerable sector record check, and First Aid/AED/CPR certificate are required. WHMIS training an asset.

Job Description

- Coordinates and schedules major ice maintenance, including ice in and ice out schedules
- Ensures that ice production and refrigeration log readings and scheduled inspections are completed, as required
- Creates work schedules (project plans and schedules) for operations department staff
- Creates and implements annual facility maintenance plans and provide copy to General Manager
- Manage risk and occupational health and safety issues
- Ensures all relevant documentations (i.e. annual facility inspections, equipment data, project files, etc) are captured within service maintenance databases
- Oversees maintenance and repair activities and performance of internal technicians and service providers
- Ensures work is completed on time, safely and meet quality requirements
- Plan, organize and direct administrative services such as signage, cleaning, maintenance, parking, safety inspections, security and snow removal;
- Managing a team of part-time, full-time staff to achieve optimal facility operations; carrying out all supervisory duties including but not limited to employee engagement, development and performance management, hiring and retention
- Planning and scheduling short and long-term maintenance tasks; ensuring work is completed according to applicable regulations and standards and in compliance with all relevant health and safety requirements

- Develop and maintain productive working relationships with patrons and various user groups; promoting facility use and ensuring the delivery of exceptional customer service through the provision of safe, systematized and efficiently operating facilities.
- Maintains up-to-date knowledge of industry trends, applicable by-laws, building codes, regulations, etc.
- Liaises with Bookkeeper for reports to monitor expenses, reviews and approves expenditures
- Acts as the focal point of escalation for issues pertaining to facilities managed
- Directs the maintenance and repair of an establishment's machinery, equipment and electrical and mechanical systems
- Inspects and ensures building maintenance tasks are completed to manufacture's or governmental standards, as required
- Responds and trouble shoots non routine issues (e.g. staffing, equipment failure, alarms etc.) during or outside of regular working hours
- Prepare or oversee the preparation of reports and statistics related to areas of responsibility
- Ensure and oversee daily, weekly, and monthly cleaning duties are conducted and recorded for the recreation complex which includes the lobby, public washrooms, multipurpose room, arenas, change rooms, fitness studio, gym, Bonavista room and admin office and other areas as required. Order and store cleaning supplies
- Stay informed on changing products and technology and make recommendations to the General Manager.
- Other duties as assigned
