

Position Available With West Edmonton Mall

Water Systems Operator

West Edmonton Mall's World Waterpark is looking for a part-time Waterpark Water Systems Operator. This position requires candidates to work weekend shifts.

The rate of pay ranges between \$14.55 and \$17.70, depending on certifications and experience.

The primary duties of this position include maintaining pool chemistry by performing regular chemical checks, performing regular filter maintenance, routinely doing inspections and checks on pumps and motors, and ensuring the safe delivery of chlorine gas into the required systems. The Waterpark Systems Operator will also ensure that the filter rooms are kept clean and safe, keep the proper stock of chemicals on hand, and assist with any areas of Waterpark operations as relating to the Water Systems department.

Applicants must be mechanically inclined, be able to work without supervision, be able to lift heavy objects and be able to work evenings and weekends. Applicants with their Level 1 or Level 2 Pool Operator's Certificate will be given preference.

Please email resumes to hr@wem.ca for consideration.
