

North East Zone Report

November 25, 2008

Hello everyone,

I have to apologize for not getting in touch with you all sooner.

I wanted to get some feedback from folks for a sort of Zone newsletter. I'd like to hear any stories of who's moving where, what's new in your facility, any cost saving ideas, any renovations or additions. Pretty much anything that is about our zone. I'll start off with a Christmas newsletter and we'll go from there.

I am looking into getting a buss from here in Ft mac to take a group to conference in the spring. Depending on demand we may even get two. I'm trying to get a sense of how many people would be want to use this service and where your from so I can plot a course.

I look forward to hearing from you all and if you have any questions about the association or technical questions please don't hesitate to call me or email.

Cheers

Mike Bryson
