

# NEW SAFETY OPERATOR CERTIFICATE

In partnership with AMHSA ([Alberta Municipal Health & Safety Association](#))

With COVID-19 slowing us all down and keeping us more reliant on activities at home, we are turning to opportunities to engage our mind. It is fortuitous that this aligns with the announcement of the new AMHSA/AARFP Safety Operator Certificate Program! Almost all the courses through AMHSA are online and extremely affordable.

While you are finding new ways to spend your time, look at the safety streams below along with the corresponding courses. You can start with the AMHSA online courses and add the RFP courses later!
