

The City of Red Deer has closed the Kinex arena and is offering up for sale any items in the building. The ice plant has been removed already. The building is slated for demolition in Early June 2024. A sample list of items includes:

- Rink glass 4x6 and 4x3
- Rink boards
- Hockey nets
- Spectator seating safety mesh
- Bleacher's heaters infra red
- Ice surface lighting
- Speakers
- Dressing room items (benches, clothes hooks)
- Score clock
- Overhead doors and rolling shutter doors.
- And basically any other item in the building

I would rather see things repurposed then spend an eternity in the landfill.

If you are interested please contact Sheldon Fandrey at [403-309-8413](tel:403-309-8413) for further information.
