

MARCH 2025

## REQUEST FOR PROPOSALS CAMPGROUND PLAY STRUCTURES ADDITIONS

The County of Paintearth is requesting proposals and pricings for various play structures for the addition to our existing play areas in the Huber Dam Campground east of Castor AB. While not looking at all-encompassing playground complexes, we do wish to augment the play space offerings for various ages of children from toddlers to youths.

The current amenities of the park include traditional swings, monkey bars, hoop shoot, and small slide platform as shown below. We also have horseshoe pits for the “older children” park users 😊.

We are having an open ended RFP for considering the multitude of various structures and related budgets to possibly implement this camping season.

We will entertain submissions for various components that serve a wide range of young ages to add to the park. As the site photo shows we have considerable space to add modules of age related play structures.

The campground demographics are largely in two areas – seniors that camp for weekend getaways and fishing the reservoir, and younger families with kids from infants to 10-12 yr olds. Limited use by families with teens.

Submissions are to be received at the County Office by the 31st March 2025. This is not a tender and may be subject to budget deliberations or discussions with County Council, any or all submissions not necessarily accepted. For more information contact the undersigned.

Thanks in advance for any and all vendors and submissions.
